7. Finalizing Post-Consultation Feedback	9

1. Introduction

Welcome to the Neurocheck Pro Clinician Portal. This manual provides a step-by-step guide on managing patient assessments, conducting video consultations, and finalizing diagnostic reports.

2. Dashboard & Navigation

Upon login, you will land on the **Clinician Dashboard**.

- **Overview & Statistics:** View your active caseload, completed reports, and upcoming tasks.
- **Quick Actions:** Use shortcut buttons to jump directly to pending tasks.

The screenshot displays the Clinician Dashboard for 'neurocheck-clinician' on the website 'clinician.neurocheckpro.com'. The interface includes a sidebar with navigation links: Dashboard, Appointments, Assessments, and User. The main content area features a greeting 'Good afternoon, Clinician test' and a notification 'You have 4 pending reviews and 3 appointments today'. Summary cards show: Pending Reviews (4), Today's Appointments (3, next at 14:30), January Earnings (£1250, +12.5% vs last month), and Completed Today (2, avg. 2.5h response). A 'Recent Submissions' table lists two entries: Bae Dobin (Completed) and Rupert Cavendish (Pending). The 'Today's Schedule' section shows no appointments. Performance metrics include 12/15 assessments and excellent response time. Assessments are categorized by ADHD (42%), Anxiety (28%), Depression (18%), and Other (12%). Total earnings for the month are £15,420, with £1250 earned this month from 65 total patients.

Initials	Name	Status	Assessment Type	Action
BD	Bae Dobin	COMPLETED	Adult AuDHD Diagnostic Journey (Clinician)	Review →
RC	Rupert Cavendish	PENDING	Adult ADHD Diagnostic Journey (Clinician)	Review →

Category	Percentage
ADHD Assessments	42%
Anxiety Reviews	28%
Depression Screens	18%
Other	12%

Metric	Value
Total Earnings	£15,420
This Month	£1250
Total Patients	65

3. Receiving & Accepting Assessments

When a patient completes an intake, it will appear in your assessment list.

1. **Locate Assessment:** Click on a new assessment from your dashboard or assessment tab.
2. **Accept the Case:** To prevent duplicate assignments, click the **Three Dot Menu (⋮)** on the top right of the patient record and select **Accept Assessment**.

The screenshot displays the 'neurocheck-clinician' web application interface. The browser address bar shows 'clinician.neurocheckpro.com/assessments'. The left sidebar contains a user profile for 'Clinician test hpc' and a navigation menu with 'Dashboard', 'Appointments', 'Assessments' (highlighted), and 'User'. The main content area is titled 'Assessment Queue' with the subtitle 'Review patient assessments, provide ratings, and accept cases for consultation'. It features a search bar 'Search by patient name...' and a filter button 'All Status'. Two assessment entries are listed:

- Bae Dobin** (26 years): Status **COMPLETED** (32d 19h ago). Title: **Adult AuDHD Diagnostic Journey (Clinician)**. Description: Evidence-Led Diagnostic Journey. Start by providing your clinical history through our secure digital intake. A Senior Clinician will review your evidence pack in detail before your 1:1 consultation to confirm your diagnostic status and provide a formal report with recommended next steps.
- Rupert Cavendish** (56 years): Status **PENDING** (50d 14h ago). Title: **Adult ADHD Diagnostic Journey (Clinician)**. Description: Evidence-Led Diagnostic Journey. Start by providing your clinical history through our secure digital intake. A Senior Clinician will review your evidence pack in detail before your 1:1 consultation to confirm your diagnostic status and provide a formal report with recommended next steps.

A context menu is open for the 'Rupert Cavendish' entry, showing options: 'Accept this case' and 'Decline this case'.

4. Clinical Review Process

Before meeting the patient, conduct a thorough review using the internal tabs:

- **AI Summary Tab:** Click this to see a machine-generated synthesis of the patient's symptoms and risk factors.
- **Assessment Q&A:** View the raw data and specific answers submitted by the patient during their intake.

The screenshot displays the 'neurocheck-clinician' web application interface. The browser address bar shows the URL 'clinician.neurocheckpro.com/assessment/18/2'. The left sidebar contains a user profile for 'Clinician test' (hpc) and a date 'Friday Jan 30, 2026'. Below the profile are navigation links: 'Dashboard', 'Appointments', 'Assessments', and 'User'. The main content area is titled 'Assessment Submission Details' and features a patient summary for 'Rupert Cavendish'. The summary includes fields for AGE (56 years), ASSESSMENT (Adult ADHD Diagnostic Journey (Clinician)), STATUS (pending), and TYPE (Patient Assessment). Below the summary are three tabs: 'AI Summary', 'View Assessment details' (selected), and 'Consultancy Report'. Under the 'View Assessment details' tab, there are three sub-tabs: 'Medical History' (selected), 'ADHD Self Rating Scale (ASRS)', and 'Weiss Impairment Rating Scale (WEISS)'. The 'Medical History' section contains five questions with radio button answers: 'Is there anything else you would like to tell us?' (tedt), 'Have any of your biological parents or siblings been diagnosed with ADHD or Autism?' (test), 'Do you notice a significant, temporary improvement in your ability to focus immediately after high-intensity exercise?' (Yes), 'Do you smoke or use nicotine products (vaping, patches, gum) daily?' (No), and 'How many servings of caffeine (coffee, tea, energy drinks, or soda) do you consume on a typical day?' (tedt).

Is there anything else you would like to tell us?

tedt

Have any of your biological parents or siblings been diagnosed with ADHD or Autism?

test

Do you notice a significant, temporary improvement in your ability to focus immediately after high-intensity exercise?

Yes

Do you smoke or use nicotine products (vaping, patches, gum) daily?

No

How many servings of caffeine (coffee, tea, energy drinks, or soda) do you consume on a typical day?

tedt

5. The Consultancy Report

The Consultancy Report is where you document your clinical findings and bridge the gap to a live consultation.

1. Navigate to the **Consultancy Report** tab.
2. Click the **"Make Diagnosis Report"** button.
3. **Input Data:** Enter your initial **Clinician Diagnosis** and **Clinician Notes**.
4. **Schedule Appointment:** Use the integrated calendar tool to set a date and time for the video consultancy.

The screenshot displays the 'neurocheck-clinician' web application interface. The browser address bar shows 'clinician.neurocheckpro.com/prescription/18'. The page is divided into a left sidebar and a main content area.

Left Sidebar:

- Profile: Clinician test, hcpc
- Date: Friday, Jan 30, 2026
- Navigation: Dashboard, Appointments, Assessments, User

Main Content Area:

- Clinician test**

Calendar and Time Picker:

The calendar shows January 2026. The date 30 is selected. The time picker shows 12:00 PM.

Submit Button:

6. Managing Appointments & Video Calls

All scheduled sessions are housed in the **Appointments** tab.

- **Video Call Icon:** Click the camera icon to launch the **Zoom** interface.
- **Eye Icon:** Click to view specific appointment details and patient history.
- **Reschedule:** Use the "Reschedule" button if a change in timing is required by you or the patient.

The screenshot displays the 'Appointments' tab in the neurocheck-clinician interface. The left sidebar shows the user profile for 'Clinician test hpcp' and the date 'Friday Jan 30 2026'. The main content area shows a table of appointments with the following data:

PATIENT NAME	APPOINTMENT STATUS	DATE & TIME	CALL STATUS	RETRIES	ACTIONS
BD Bae Dobin	Confirmed	27 Jan 2026, 02:09 pm	Scheduled	1	[Video Call Icon] [Eye Icon] [User Icon] [Calendar Icon]
RC Rupert Cavendish	Confirmed	31 Jan 2026, 06:10 pm	Scheduled	1	[Video Call Icon] [Eye Icon] [User Icon] [Calendar Icon]
R Ronaldo	Confirmed	15 Jan 2026, 11:00 am	Scheduled	1	[Video Call Icon] [Eye Icon] [User Icon] [Calendar Icon]

The bottom of the page shows a Zoom link: <https://us05web.zoom.us/j/84381741482?pwd=L5OeSkLgy4QKoomWLbbFSj2p0SNqcb.1>

7. Finalizing Post-Consultation Feedback

Your workflow is not complete until the final feedback is logged after the video call.

1. Go back to the **Assessments** tab.
2. Select the relevant patient file.
3. Enter the **Final Feedback/Post-Consultation Notes**.
4. Submit the report to close the case and notify the patient.
